Experience

Los Angeles County + USC Medical Center (LACUSC)

2051 Marengo Street, Los Angeles, CA 90033

On Assignment is currently the leading provider of contract Registered Nurses to Los Angeles County + USC Medical Center (LACUSC). In 2006, On Assignment provided a peak staffing level in excess of 250 Registered Nurses to 5 major hospitals owned and operated by The County of Los Angeles. The largest of the 5 hospitals, LACUSC, utilized On Assignment to provide in excess of 130 Registered Nurses during a peak staffing period in 2006-2007. Services provided by On Assignment include recruiting, screening, credential management, arranging travel and housing accommodations, providing local on-site management services, and arranging local training courses for site specific requirements.

On Assignment has been the leading provider of Registered Nurses at Los Angeles County since 2004. During our contract term with Los Angeles County, we have successfully assisted the County in meeting the nurse: patient ratios as required by SB384. Due to the success of previous contracts, On Assignment was recently awarded a new 3 year contract which began in November 2008. Also in 2008, we assisted the hospital during their move to a new 600 bed facility where all of the patients were safely transported to the new state of the art facility.

Contra Costa Regional Medical Center

2500 Alhambra Ave, Martinez, California 94553

On Assignment has been a contract staffing provider for Registered Nurse and Allied staff at Contra Costa Regional Medical Center (CCRMC) from June 2004 to present. On Assignment has been the primary supplier of Registered Nurses for the hospital, maintaining an average of 10 registered nurses at any given time throughout the course of the contract.

Accomplishments include working with CCRMC to achieve a preferred vender status as a result of the high quality staff provided by On Assignment and our continued ability to meet the client's needs. In addition, On Assignment was chosen by CCRMC to be the exclusive provider of replacement nurse staffing for a potential job action that was scheduled to occur in March of 2008. To prepare for this job action, On Assignment recruited in excess of 170 Registered Nurses who were ready to travel to the hospital had the job action commenced. In addition, On Assignment's Nurse Managers have also assisted hospital management in their contingency planning.

Howard University Hospital

2041 George Ave NW, Washington, DC 20060

On Assignment has been the leading provider of Registered Nurses at Howard University Hospital (HUH) since 2005. The hospital is the only Level 1 Trauma Center servicing the Washington D.C. metro area. During the course of our contract with HUH, On Assignment successfully assisted HUH in meeting their continuous staffing needs including, providing a peak staffing level of 30 Emergency Department Registered Nurses to HUH in 2007. . In addition to the higher skill requirements the nurses must meet for a Level One Trauma Facility, Howard University is also a teaching facility. Our RNs work along side Instructors and Educators to provide assistance during clinical training of new graduates from the Howard University School of Nursing.

On Assignment's ability to provide staff urgently as needs arise, has allowed HUH to control staffing costs, and optimize staffing. In addition, On Assignment was successful in implementing a KROLL screening process for all RNs prior to working at HUH. KROLL is an advanced risk reduction application for auditing education, background checks and employment history.
